# Q & A

## Is the Patient Portal Secure?

Yes, the Portal is encrypted to provide user security. It is also equipped with a timeout feature.

## Can my family gain access to my Patient Portal?

Yes, by signing a release, you can share your patient portal information with other family members.

## Where does my Patient Portal information come from?

The information in your Patient Portal comes from your Health Ministries Clinic health record.

## Can I access the Patient Portal on a Tablet or Smart phone?

Yes, you can! The Healow app can be downloaded for free from the App Store for Apple or Google Play for Android.
